Dear Warden Quintana:

4-3-20

My husband, Michael R. Poteete, Reg # 25105-075, is in your custody. He has been in FMC Lexington since Jan 4, 2019. I am writing on his behalf to request a Compassionate Release, for him. He has had 2 heart attacks, asthma and diminished liver function. He is non violent, he self surrendered, and he has 0 write ups. He programs and he works. These pre-existing conditions make covid dangerous for him according to the CDC. Under the CARES Act, he qualifies for compassionate release. He has a stable home life, our home has established security. I have lived in TN for 4 years and held the same jobs. We lived in an apartment for 2 years and now we live in a house. Michael has access to transportation, medical insurance, he has a job offer, and 6 kids who need him safe. I have sent home plans to counselors Mitchell & Hatfield.

Please consider my / our request to keep  
Michael safe. Thank you for your time.  
Sincerely -

APoteete

Angela Poteete
